# Entity Extraction using Azure Cognitive Search

June 24, 2020

How Azure Cognitive Search Works

Potential Architecture

Azure Cognitive Search Resources

- Tutorial for your data:
  https://github.com/balakreshnan/MilwaukeeTools/blob/master/TextAnalytics/Tutorial.md

- Other Resources:
  - Create a knowledge store using REST and Postman: https://docs.microsoft.com/en-us/azure/search/knowledge-store-create-rest

  - Connect a knowledge store with Power BI: https://docs.microsoft.com/en-us/azure/search/knowledge-store-connect-power-bi
